

Lyric Sheet

Rain

By Patrick Duane

Verse 1

Hear the rain
And Feel the rolling thunder
Hear the rain
And hear its calming patter
Hear the rain
Such a work of wonder
Hear the rain
And know it speaks God's power

Chorus

The wonders of the universe
Power beyond control!
It's more than we can fathom
Or can ever truly know
By Your holy power
You set it all in place
And with every passing hour
You keep it by Your grace

Verse 2

See the sky
Look with awe and wonder
As the power of God
Paints our world with color
See the sky
No power on earth is greater
Than each star in the sky
That bathes the world in soft light

Chorus

Bridge

Hear the rain
See the sky
Feel His power
And know that our God is nigh

Chorus (x2)

Chorus 2

Creator of the universe
All power in Your control!
You're more than we can fathom
Or can e'er completely know
By Your holy power
You set all things in place
But with every passing hour
You keep me in your grace

Outro

Hear the rain
And feel the rolling thunder
Hear the rain
And know it speaks God's power!
